## **Bancroft District Fish Stocking Program and its Partners**

Bancroft District is the most intensively stocked NDMNRF District in Ontario. To support this program, the Ministry of Northern Development, Mines, Natural Resources, and Forestry relies on partner community hatcheries to help meet its stocking objectives. The Haliburton Highlands Outdoors Association (HHOA) and the North Hastings Community Fish Hatchery (NHCFH) dedicate thousands of volunteer hours annually for rearing and stocking for a portion of Bancroft District stocked lakes to enable additional angling opportunities and rehabilitation efforts of native species. A big thank you to all the volunteers who contribute to this program and to the organizations which provide local engagement in Fisheries Management. For more information on their programs, go to [www.hhoa.on.ca](http://www.hhoa.on.ca) and [www.fishhatchery.ca](http://www.fishhatchery.ca).

## **Registration and Removal of Ice Huts**

To protect the environment and ensure safety, anglers must register new or previously unregistered ice-fishing huts on area lakes. Registration is free and helps discourage anglers from abandoning their huts, which can end up in waterways and washed up on shorelines when the ice thaws.

- Huts must be registered in Fishery Management Zones 9-12 and 14-20.
- For ice hut registration online refer to the [Ontario Fishing Regulations Summary](#) available at [ontario.ca/fishing](http://ontario.ca/fishing).
- An individual only needs to register once and those with an existing ice hut registration number do not need to re-register.
- Once registered, an ice-fishing hut can be used anywhere in Ontario.
- Tent-style ice huts made of cloth or synthetic fabric that have a base area of seven square meters (75.4 square feet) or less when erected do not need to be registered.
- It's a good idea to place huts on 15-centimetre (six-inch) high wooden blocks to make it easier to remove them at the end of the season. Ice hut owners must keep the area around their huts clear of garbage.
- Ice fishing hut removal dates also apply to huts within Fisheries Management Zones 9, 10, 11, 12, 14, 15, 16, 17, 18, 19 and 20. Relevant ice hut removal dates can be found in the Ontario Fishing Regulations Summary or online at: [ontario.ca/icefishing](http://ontario.ca/icefishing).
- Ice huts must be removed before ice break-up; even if it is before the specified removal date. It is an offence under the Public Lands Act to leave an ice hut after ice break-up.
- For more information, or to request a paper registration form, please call the Registry and Approval Services Centre at 1-855-613-4256

## **Know the Regulations**

Before heading out, anglers should check the current [Ontario Fishing Regulations Summary](#) for complete information on rules, regulations and fishing sanctuaries in their area. The summary is available at your MNR District Office, Service Ontario Government Information Centres, licence issuers and on the Ministry's Publications website.

# Attention - Dedicated Anglers

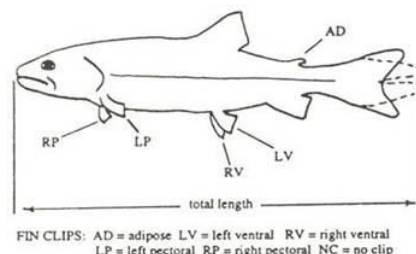

Public input is crucial to the development of sound District fisheries programs. Volunteer angler diary information are vital to our continued understanding of the fishery. With good information from anglers, fisheries managers can then make better decisions on future stocking programs and the need for lake specific, field assessment projects.

Dedicated anglers are encouraged to fill out the information below and complete for each fishing trip. Angler diaries are available from your local MNDMNR office and an electronic version of this form is also available (upon request) for recording your trip information and submitting directly to the e-mail address listed below. At the end of the season anglers are encouraged to return this information to our local office. All personal information collected with these forms will be kept confidential.

### Report Resource Abuse

Abuse of our natural resources reduces opportunities for everyone and threatens the future sustainability of these resources.

The toll-free **TIPS-MNR** reporting line at **1-877-847-7667** provides a direct line for the public to report resource violations to the ministry 24 hours a day, seven days a week from anywhere in Ontario. If you see an infraction, please report it.

Or you may call **Crime Stoppers** toll-free at **1-800-222 TIPS (8477)**. Crime Stoppers is a non-profit organization, which allows tip providers to remain completely anonymous, they do not subscribe to call display and have no interest in learning the identity of tip providers. The call line runs 24 hours a day, 7 days a week.
